

ARCHITECTURE OF TERRITORY

TERRITORIAL DESIGN

*In Histories,
Theories, and Projects*

17.9.2020
On Territory

24.9.2020
Architecture and Urbanisation

1.10.2020
ALEXANDRA ARÈNES
Critical Zones: Sensors for Ghost
Landscapes

8.10.2020
Methods in Territorial Research
and Design

15.10.2020
ANTOINE VIALLE
Urban Soils Mapping: Case West
Lausanne

29.10.2020
JOHAN SIX
Linking Soils Across the Urban-Rural
Nexus

5.11.2020
Planetary Urbanisation: Hinterland

12.11.2020
CHARLOTTE MALTERRE-BARTHES
Arable Lands Lost Lands

19.11.2020
Disappearance of the Countryside

26.11.2020
HÉLÈNE FRICHOT
Dirty Theory: Dirt and Decolonisation

3.12.2020
Our Common Territories: An Outlook

Thursdays, 10.00–12.00
On ZOOM

Team: Charlotte Malterre-Barthes, Metaxia Markaki,
Gyler Mydyti, Nazli Tümerdem
Contact: Metaxia Markaki, markaki@arch.ethz.ch
www.topalovic.arch.ethz.ch

This lecture series sets up the agenda for widening the disciplinary field of architecture and urbanism from their focus on the city, or the urban in the narrow sense, to wider territorial scales, which correspond to the increasing scales of contemporary urbanisation. It discusses the concepts of territory and urbanisation, and their implications for the work of architects and urbanists. The exam takes form of a series of paper sheet exercises throughout the semester.
