ARCHITECTURE OF TERRITORY
Travellers. On the Ways
of Seeing Urban Territories
12.10.—30.11.2015
Mon, 5.15 pm, Audimax HG F30

Architecture of Territory dedicates its work to forms and processes of territorial urbanisation, arguing for the necessity of architect engagement at territorial scales. Since 2011 Milica Topalovic has been attached to the ETH Future Cities Laboratory in Singapore, studying the region's hinterlands. With their return to Zurich, Topalovic and her team initiate a new phase of research on European countrysides.
