ARCHITECTURE OF TERRITORY  
Travellers. On the Ways  
of Seeing Urban Territories  
12.10.—30.11.2015  
Mon, 5.30–7 pm, ONA Focushalle

BORIS SIEVERTS began his professional engagement with the territorial scale as a tour guide, conducting walking tours along the outskirts of large cities and urban agglomerations. Currently, his expertise in reading urban landscapes is sought after by those in the planning field as well as in participatory practice and activism. Sieverts will show a selection of tours and projects that he has been involved in over the last 20 years. What, or where, are the limits of understanding the urban through pure experience? And why does such understanding imply responsibility?
